ITE 485 Senior Demo Project
Special Permission Form

ITE 485 is a senior capstone project course that utilizes teams and/or individuals working from problem requirements and specifications to produce a solution. This requires exploration of suitable information technologies to produce a solution that improves the problem situation. Students/teams will analyze, plan, and report on the project and implement a prototype. Prerequisites: EH 372 or EH 373 and ITE 370 and permission of the ITE coordinator.

Students must either be in their last or next to last semester to enroll in this course. Students must submit this approval form to the School of Computing office before the closed course override will be processed.

Please print clearly:

Jag ID: J00_____

Last Name: _____   First Name: _____

Semester/Year you wish to enroll: (circle)   Fall   Spring   Year: _____

Prerequisites: EH 372 or EH 373 and ITE 370.

I satisfy all of the requirements for enrolling in ITE 485 and will be in either my last or next to last semester.
